Learn more

Here at Binance, we are committed to user protection with strict protocols and industry-leading technical measures.

- Secure Asset Fund for Users (SAFU)

Binance stores 10% of all trading fees in a secure asset fund to protect a share of user funds.
- Personalised Access Control

Personalized access control allows you to restrict devices and addresses that can access your account, for greater ease of mind.
- Advanced Data Encryption

Your transaction data is secured via end-to-end encryption, ensuring that only you have access to your personal information.
